

Growing Native Grow-out Station Student Action Plan

School: _____

Principal: _____

Manager/Teacher: _____

Student Representative: _____

Date: _____

Answering the following questions will provide a solid basis for your Grow-out Station Action Plan. Be very specific with your answers and planning to help ensure a successful project. It is important that everyone involved in the project, including those who must approve the plan, be involved in the planning process.

1. Project Description: _____

2. Purpose (What are your goals and objectives? Why do you want to do this project?): _____

3. Site (Where will the Grow-out Station be located?): _____

4. Materials (Do you have access to water and other basic supplies—e.g. soil, fertilizer, shovels, and other gardening materials—to maintain the nursery?): _____

Growing Native Grow-out Station Student Action Plan (con't)

5. Participants (Who will maintain the Grow-out Station once it is established, especially when school is out of session? Your school will need to make a time commitment of two to five years—who will maintain the nursery during that time, especially during school breaks?): _____

6. Timeline (Establish an estimated timeline that includes when the Grow-out station site will be prepared; when the seedlings/ seeds will be planted at the site; when maintenance will take place; and when the seedlings will be transplanted.): _____

7. Challenges (Are there any obstacles that may arise in establishing the Grow-out Station and maintaining the nursery?): _____

8. Solutions (What are some solutions in overcoming the challenges that may arise?): _____

In order to validate this Action Plan, the following individuals must sign below.
